With superior impact and flaking protection powder coating your frame is the only logical choice.

We preserve the bike serial numbers on every bike we powder coat.

Some bikes need a lot more prep work than others so we really need to see the frame for a more accurate quote. Take these prices as a guide only.

The team at Bling takes frames of custom coating extremely seriously, because it will have our Name on it. We will NEVER over charge because we are trying to build our business for the Australian people not ruin it.

Over the years the team at Bling have managed to source from the same factories for Honda Red, Suzuki Yellow, KTM Orange, Kawasaki Green and Harley-Davidson colours that are used by these companies. As well as pretty much any other colour.

Item	3 Star Standard Industrial Colour eg, Industrial Powders	3.5 Star Army Texture Range UV Stable Alloy only	4 Star Stage 1 Custom Colour Highest quality & UV stable	5 Star Stage 2 Custom Colour Highest quality & UV stable
Dirtbike 125cc +	Won't do it	\$250*	\$300*	\$450*
Small Motorbike	Won't do it	POA	\$300*	\$450*
Large Motorbike	Won't do it	POA	\$450*	\$650*
Quadbike	Won't do it	N/A	\$450*	\$650*
Road Pushbike	Won't do it	\$125*	\$200*	\$300*
BMX Pushbike	Won't do it	\$125*	\$150*	\$300*
Go Kart Frame	Won't do it	\$300*	\$350*	\$550*
Car Chassis	This gives powder coating a bad name	N/A	Not possible at this stage	Not possible at this stage

PLEASE NOTE: As there is so many variables in powder coating, ie designs requested – eg: personal race number on items, current condition of items, ie powder coated or spray painted this pricing is a guide only. *priced from
